

## COVID 19 – boosters

We do not currently have the any information on the covid 19 vaccine boosters. As soon as we know we will let you know.

## Everyone over the age of 16:

Have been invited for their vaccines – if you have not yet received your invite please let us know or you can call 0161 947 0770 (Option 7) to book your vaccine direct.

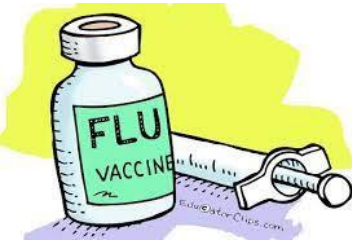

## 12-15 year olds

If you have a young person aged 12-15 living at home with a Extremely High risk individual, please let the surgery know and we will invite them to have the covid vaccination – please be aware you can not attend a walkin centre or contact the central booking number to arrange your appointment – you will need to contact the surgery.

## Face Covering

We ask all patients to wear a face mask or face covering when coming into the building. The surgery waiting room and reception area is a confined area and we take patient and staff safety very seriously.

**\*Please wear a face covering over your nose and mouth when in the surgery building.\***

## FLU Vaccines

Flu vaccine delivery has been delayed across the UK due to transport issues – our original delivery dates have been put back by at least 2 weeks. As soon as our clinics are available to book into we will send a text message out, if you have online access to your medical records, you will be able to book an appointment online. This will be the quickest way to book and reserve your vaccine.

## Telephone issues:

On Monday 06.09.21 we identified an issue with our telephone systems. Our telephone provider confirms the issue was across all companies that use our type of telephone system. This was rectified as soon as they could and we are now all back up and running. We thank you for your continued patience this morning whilst we reverted to our buisness continuity plan.

## Blood bottles shortage:

NHS England has requested that we stop all none urgent blood tests whilst a shortage of blood bottles issue is resolved. The practice has reviewed all currently requested blood tests and has identified that all blood test requested are appropriatly. We do ask that if you are requested by a surgery clinition to postpone your blood test, we request that you do this by booking an appointment after 17.09.21 (date may change). We will keep you uptodate as we can.
