

COVID 19 – boosters / 3rd dose

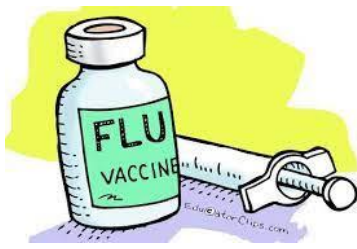

If you had your covid 2nd injection 6 months ago **and** are over the age of 50 or work in a healthcare setting you are eligible for your **BOOSTER** Vaccination – please contact the surgery to book in for your injection. **REMEMBER 6 months after your 2nd injection**

If you have received a letter from your consultant regarding having the 3rd Primary dose of the covid vaccination: please call the surgery now, we can book you from 8 weeks after your 2nd vaccine.

Face Covering

We ask all patients to wear a face mask or face covering when coming into the building. The surgery waiting room and reception area is a confined area and we take patient and staff safety very seriously.

Please wear a face covering over your nose and mouth when in the surgery building.

FLU Vaccines

Flu vaccinations are being delivered slowly to the practice. We are adding small clinics onto the booking system as and when we know there will be vaccine in the practice. You can book for your flu vaccine online via the NHS APP, Patient.co.uk or by calling the practice. Please only book if you normally have a flu vaccine or are over the age of 50.

You will also be offered your flu vaccine when you have your covid 19 booster or 3rd dose if you have not already had it. It is safe to have both vaccines at the same time.

Who are our staff: just to let you know who is who and how our surgery team is expanding.

GP Partners:

Dr H Dubey (M)
Dr P Taylor (M)
