

Visiting the Doctor

Sometimes I will need to visit the Doctor at
Hazeldene Medical Practice.

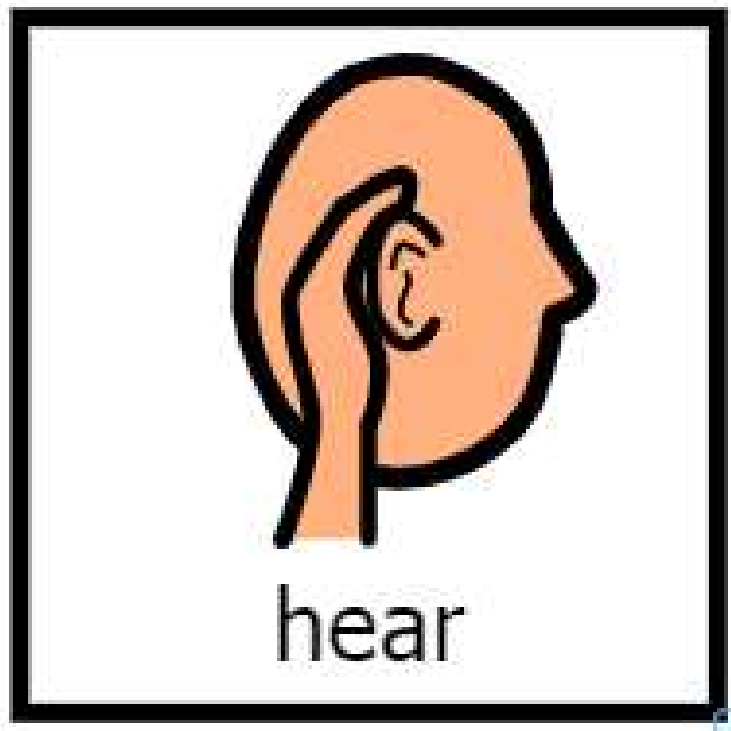

I will visit if I am feeling unwell or need a
check-up.

When I arrive I will go to Reception to tell them my name.

Then I can take a seat in the waiting room.

When it is my time to see the Doctor, I will hear my name being called.

I will then go to the Doctor's office.

My doctor will ask me questions and the adult with me can help me to answer.

The Doctor will try and find out why I am feeling unwell.

When the Doctor is finished, I can leave and say goodbye.

Sometimes I will then go to a chemist to pick up some medicine or cream to make me feel better.
